**SRT & RNLI Conclude Supply Agreement**

Software Radio Technology is pleased to announce that it has entered an AIS equipment supply agreement with the Royal National Lifeboat Institution.

Under the terms of the agreement, the RNLI will be able to purchase AIS equipment from SRT for use on their rescue craft.

**Simon Tucker, CEO of SRT, said,** "The RNLI is a world famous British organisation which has consistently led the way in maritime rescue innovation and for that reason we have made an exception to our normal business model of no direct sales and entered into this agreement. As a British technology company, we are delighted to have the opportunity to work with the RNLI."
